

Notice to All Mariners!

**Keep Alaska Online
Catch Fish, Not Cables**

**Submarine Fiber Optic
Cables have been installed
throughout Southeast
Alaska. Avoid bottom
contact with any gear or
anchors on top of the
installed cables.**

**Report any incidents to:
907-868-5555**

Limitations on the use of radio signals as aids to marine navigation can be found in the International Code of Signals and Marine Communication Procedures, International Maritime Organization Publication 117. Mariners are advised to consult these publications for the most current information. Accuracy is not guaranteed. GCI is not responsible for errors and omissions. Please advise us of any errors or omissions you may find. We will make every effort to correct them as soon as possible.

RADAR REFLECTORS
Radar reflectors have been placed on many aids to navigation. Individual reflector locations on these aids has been on this chart.

CAUTION
Temporary changes or defects in aids to navigation are not indicated on this chart. Use at your own risk.
